Gary,

Call Jack Harrod. He is the owner of Harrod Trucking. His number is 903-695-2044. Per our conversation, they are located in Avalon, TX.

Hello David,

I wanted to find out if you could get a list of trucking companies that dump waste at the Maloy landfill. We are currently using Capstone Logistics but they are unable to get us the number of trucks we need to get this project completed quickly and we wanted to reach out to other trucking companies in the area of the project that may be able to assist us in getting the number of trucks needed. Any help you could provide would be very helpful. We will likely be running these trucks to both the Maloy and Itasca Landfills.

Thanks
